- Extend the life of your micrfiber cloths and mops

ECOLOGO

PRODUCT CERTIFIED FOR REDUCED ENVIRONMENTAL IMPACT. VIEW SPECIFIC ATTRIBUTES EVALUATED: UL.COM/EL UL 2776

DESCRIPTION

Rapidly releases attached soils from microfiber cloths and mops. This product may be used to wash microfiber manually or with household machines.

DIRECTIONS

MANUAL CLEANING

- Use cool or warm water, add 2oz/gallon of ES76 Microfiber Laundry in a bucket or sink and mix
- Let dirty microfiber cloths, mops, etc. soak in solution for a few minutes, then use your hands to agitate and release the soils
- Wring and remove
- Rinse well with fresh water and let air dry or if a dryer is preferred, tumble at the lowest setting for a few minutes

HOUSEHOLD & SMALL COMMERCIAL WASHERS

- Set washing program for heavy soil loads, with hot water cycles and extra rinse
- Add 4oz to front loading machines and 8oz (or 1:128) for top loading machines
- To sanitize laundered cloths and mops, add sufficient Bleach to bring solutions to 100ppm (0.25 ounces of bleach per gallon of water)
- Let soak for 10 minutes

DISPOSAL

Dispose of used/unwanted product according to state and local regulations. Offer container for recycling.

PERSONAL PROTECTION

Please refer to product label and SDS
