- Airgap eductors (CSA approved) – provide safest system against backflow.
- More accurate dilution compared to free pouring – Save time and money.
- No chemical contact when changing bottle with “No Touch Caps” safest way to remove bottle.
- Colour coded labelling system.
- Safer, lockable cabinetry.

Choose a dispenser that fits your needs. Enjoy excellent results.

WALL MOUNTED DISPENSER

Blendsafe II

Product Code: ES-662-ES65H

- More versatile than competitors' dispensers
- Reduces ready-to-use costs substantially
- Allows for mop-bucket and spray-bottle filling

Accurate dilution control saves money, reduces indoor air pollution, reduces employee exposure to concentrated chemical and fumes and provides consistent dilution for optimal product performance.

PORTABLE DISPENSER

SafeLink One™

HF/LF Dispenser
Foamer Sprayer

The efficiency of portability...

The safety of Adaptive Closed Loop...
the innovation of SafeLink ONE™

Improved Product Info Sheets, SDS and Training Videos that can be easily accessed on our Enviro-Solutions® website at www.enviro-solution.com

The Value of Color-Coding...

We intentionally color-code our program to work in conjunction with your existing microfiber cleaning system. Microfiber enhances the performance of this program by adding additional mechanical action on top of our great chemistry.
