

# QUICK START ROUTINE MAINTENANCE PROGRAM

## DOES YOUR CURRENT CONCRETE & TERRAZZO ROUTINE MAINTENANCE PROGRAM:

- › Lower both damaging dust & efflorescence
- › Improve air quality & lower the risk of slip & fall
- › Continuously increase the sheen with regular auto scrubbing maintenance
- › Reduce mop drag that contributes to employee fatigue
- › Protect your investment (electronics, equipment, and merchandise)
- › Never require topical coatings
- › Reduce your overall labor costs and improve sustainability
- › Quickly provide measurable results upon implementation

100% infused diamonds throughout the entire pad, producing the highest square footage coverage in the industry

### ES-CMP Cleaner Maintainer Pads Features & Benefits

- ✓ 100% infused diamond abrasive throughout the entire pad which means you can use either side of the pad and continue to use until the pad wears to <math><1/2\text{''}</math> in thickness
- ✓ Highest square footage coverage in the industry, averaging 300,000 square feet. Leading competitor approx. 20,000 sq.ft. per pad
- ✓ Reduces and in some cases eliminates the need to burnish
- ✓ Cleans, removes scuffs, wear patterns and perpetually polishes all in the same motion
- ✓ Compatible with low and high speed machines
- ✓ Available in several diameters as well as 14x20 and 14x28 orbital design

Winner of the 2018 ISSA INNOVATION AWARD in the cleaning agents category

### ES37 Cleaner Maintainer Polisher Features & Benefits

- ✓ Specifically designed for concrete and terrazzo floors
- ✓ Contains substrate strengthening properties and sheen building additives
- ✓ Low cost dilution
- ✓ Formulated to lift and suspend contaminants in solution while substrate strengthening properties fill the micropores of the substrate
- ✓ Rinse free
- ✓ Fills micro scratches and blemishes produced from everyday traffic

# QUICK START ROUTINE MAINTENANCE PROGRAM

## ONE PRODUCT, ONE PAD & YOUR EXISTING EQUIPMENT

Our QUICK-START Program will provide measurable results quickly in your facility and jump start your floor care maintenance into high gear with many positive results.

**PRODUCT**  
ES37 Cleaner/Maintainer/Polisher  
Sheen Building Additives

**METHOD**  
Auto Scrubber  
Use Your Existing Equipment

**DILUTION**  
1:128 (1 oz. per gallon of cool water)  
Low Cost Dilution

**PAD**  
3000 grit CMP pad  
100% Infused Diamonds  
Throughout Entire Pad

**ES37** contains properties that will begin and continuously enhance the sheen. It also contains a lubricant that will cool and reduce the surface friction therefore extending the lifespan of the diamond CMP pads and the equipment run time somewhat.

Dispenser Code:  
LSP12-ES37

**TIP**  
We recommend installing our "Plug & Play" wall mounted dispenser for worker dilution convenience and best results.

**TIP FOR SUCCESS**  
Requires an Auto scrubber in good operating condition that uses 14, 16, 17, or 20 inch pads.
