

BRUTE FORCE

SCRUB-FREE FINISH STRIPPER

Features & Benefits:

- **NO SOLID RESIDUE**
- **HEAVY DUTY STRIPPER WHEN MACHINE SCRUBBING**
- **QUICK FINISH PENETRATION**
- **NO SCRUB STRIPPING**

Description:

Custom Solutions™ Brute Force is a highly active formula stripper, designed to easily remove today's floor finishes. For nearly effortless emulsification of acrylic and urethane-fortified finishes.

Directions:

DILUTION:

Light Finish Build-up: 1 part Brute Force to 6 parts Cool Water

Medium Finish Build-up: 1 part Brute Force to 3 parts Cool Water

Heavy Finish Build-up: 1 part Brute Force to 1 part Cool Water

Do Not Use Hot Water

APPLICATION:

For No Scrub Stripping:

1. Dry mop to remove loose soil.
2. Put wet floor signs in place.
3. Mix Custom Solutions™ Brute Force as directed. Apply solution liberally using a wet mop, keeping wet for 5 to 10 minutes or more. Don't let floor dry out. Reapply solution if needed.
4. Pick up all solution and finish thoroughly with either a wet vac or mop.
5. For best results, damp mop rinse with cool water.
6. Let floor dry completely. Apply appropriate Custom Solutions™ Floor Finish.

For Machine Scrub Stripping:

1. Dry mop to remove loose soil.
2. Put wet floor signs in place.
3. Mix Custom Solutions™ Brute Force as directed. Apply solution liberally using a wet mop, keeping wet for 5 minutes or more. Don't let floor dry out. Reapply solution if needed.
4. Scrub with a stripping pad. Use 175/300 rpm rotary or double scrub with an automatic scrubber.
5. Pick up all solution and finish thoroughly by either a wet vac or mop.
6. For best results, damp mop rinse with cool water.
7. Let floor dry completely. Apply appropriate Custom Solutions™ Floor Finish.

Read label and SDS completely before using this product. KEEP FROM FREEZING.
