

# STRONG SAFETY

## FAST ACTION STRIPPER

### Features & Benefits:

- DEEP EFFECT FOR SLOW EVAPORATION
- LOW ODOR
- THOROUGH EMULSIFICATION

### Description:

Custom Solutions™ Eraser Floor Stripper has been formulated to penetrate and emulsify burnished UHS Floor Finishes. Even the toughest burnished finishes can usually be removed in one application. Shows best result when used with cool to luke warm water.

### Directions:

Dilute Strong Safety with warm water 1:4 for bare floor stripping (32 oz. per gallon), 1:10 to strip finish only (12 oz. per gallon). Apply to surface liberally using mop or autoscrubber. Allow 5-10 minutes for stripper to work. Do not allow solution to dry. Use a stripping pad on an autoscrubber or single disk floor machine. Scrub thoroughly to remove all old coatings. Check edges and baseboards for buildup. Remove with doodlebug or pad center. Scrub and pick up with autoscrubber or wet vac. Damp mop lightly with cool clean water to remove all residues. Allow floor to dry before recoating.

KEEP OUT OF REACH OF CHILDREN

Read label and SDS completely before using this product. KEEP FROM FREEZING.
