

# ServClean™

## DESCALE

Calcium, Lime & Rust Remover for  
Foodservice Equipment

### PRODUCT INFORMATION SHEET

#### Description:

ServClean™ Descale is an excellent descaler for use to remove lime, calcium and iron build up.

#### Product Use:

An economical, yet highly effective descaler for use to remove calcium, lime and iron build-up from a variety of surfaces. This acid descaler can be used for everything from automatic dishwasher descaling and coffee pot cleaning to keeping foodservice stainless and porcelains clean and bright. See product label for handling and mixing instructions.

**Dilution:** RTU to 1:30

#### Directions for Use

##### Coffee Makers:

Mix 1 part ServClean™ Descale to 8 parts water. Run through machine. Run at least 2 pots of clear water through before making coffee.

##### Kettles, coffee pots, pans:

Cover the bottom of pot or kettle with undiluted ServClean™ Descale. Let stand for 1 to 2 minutes and then rinse thoroughly with clear water.

##### Dishwashers:

Fill machine  $\frac{3}{4}$  full with hot water. Add  $\frac{1}{2}$  -1 gallon (2-4 litre) of ServClean™ Descale depending on size of machine. Run dishwasher until clean, rinse and refill with clean water. Run dishwasher an additional 5 minutes and drain before cleaning dishes.

##### Bathrooms:

To remove lime, calcium build up or rust stains from toilet bowls or water drips, wipe undiluted on stained area and rinse.

#### Product Code & Size

19303-6 ..... (946mL/1 U.S. Qt.)
